5/13/69 "Reasons for request of"
EFS UR memo shows that it did not
add at all with RFK's knowledge with
C Evans as indicated in the blind
memo. This also is after MLK
was killed. On this basis I'd
question obliteration 1st ¶. More
form of what is withheld is indicated by
the line that has to refer to what is in this
1st ¶, "No other coverage was maintained on dif-
ferent surveillances on the same premises."
No "premises" remains in this record so
"premises" are in obliterated ¶. This
memo also obscures extent of FBI's
EFS UR that RFK did not authorize—
was not even asked to.
